Gordon-Ivey School

Gordon, Georgia

Volume IV

A Time For Remembering . . .

. . . a place different to each of us but one that holds many memories we'll never forget . . .

. . . a place which has become not just a school but a way of life . . . a life

of joy in achievement, in victory, in friendship;

of struggle for knowledge, for honor, for recognition;

of excitement in school elections, in literary competitions, in sports events . . .

All of these things combine to give us a school that is not a vague idea but a living reality.

Thus we hope in this book to preserve these memories forever.

We Dedicate The 1973-74 Rebel Themselves

To Wilson Bush, our coach, teacher, and friend, we would like to express our sincere appreciation for all the guidance and understanding he has given us.

We dedicate the 1973-74 Rebel to him as a lasting rememberance.

to Two People Who Are Dedicated.

To Coach Terry Moye we would like to say thank you for all of his hard work and understanding. He has been a friend and companion to all students.

Because of his unselfishness and dedication to us, we dedicate to him this, the 1973-74 Rebel.

A Time For Appreciation

We would like to extend our warmest appreciation to three ladies who make our lunch hour much brighter.

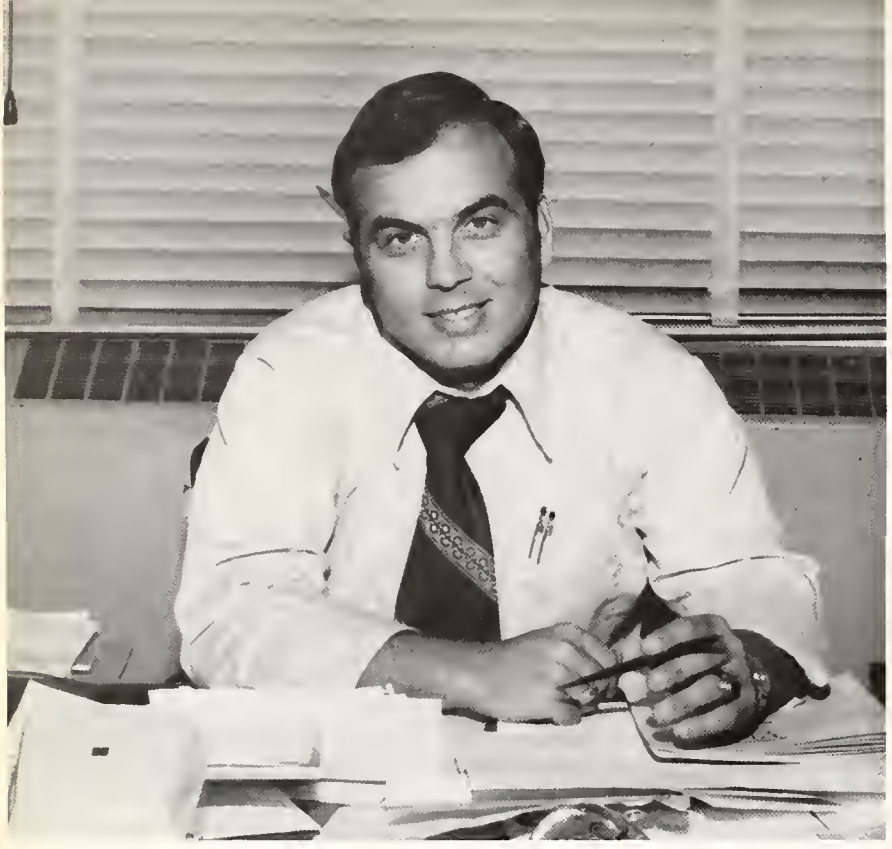
ADMINISTRATION



We would like to express our sincere appreciation to a man who has brought Gordon-Ivey from a mere thought to a reality. We believe that without his help the school would not be here today. Over the past four years he has been a friend, a leader, and at times even like a father. Even though we didn't always see eye to eye, we realize that he had our welfare in mind. He has prepared us for our future life–at college, at work, or whatever. He will always be remembered by the students, parents, and faculty at Gordon Ivey.

We will miss you . . .
